

Installation of RealMotion Indicators on

1. From our website, download the file “MGRealMotionTradeNavigator.zip” – this will either give you the option to specify where you can save the file or it will automatically download it to your downloads folder.
2. The folder you downloaded contain one file that has to be unzipped. This can be accomplished several different ways:
 - a. You can right-click on the zip folder and select “Extract All...” A window will pop up where you can specify the destination for the file.

- b. You can open up the compressed folder, highlight the file or folder and right-click on it and select “Copy” – then “Paste” them onto your **desktop or any other folder**. (You can also use keyboard shortcuts “Ctrl-C” and “Ctrl-V”).

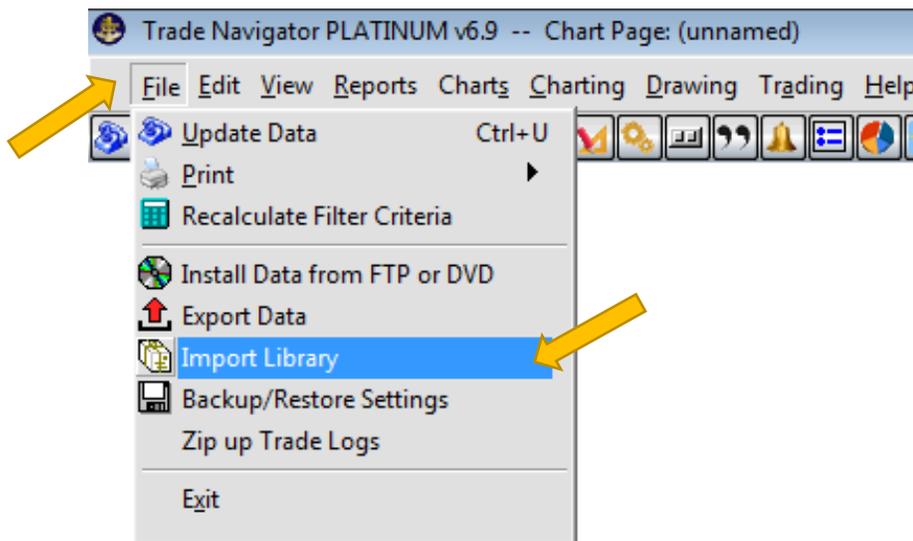

- c. If you have WinZip or WinRAR installed, you can use either of those programs to un-compress the two files.

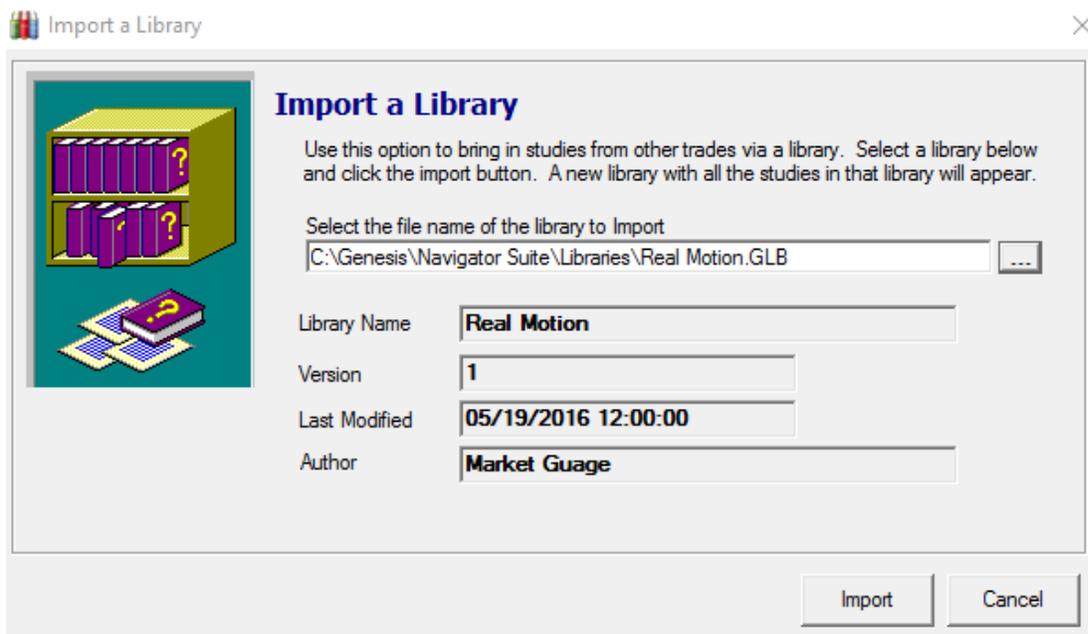

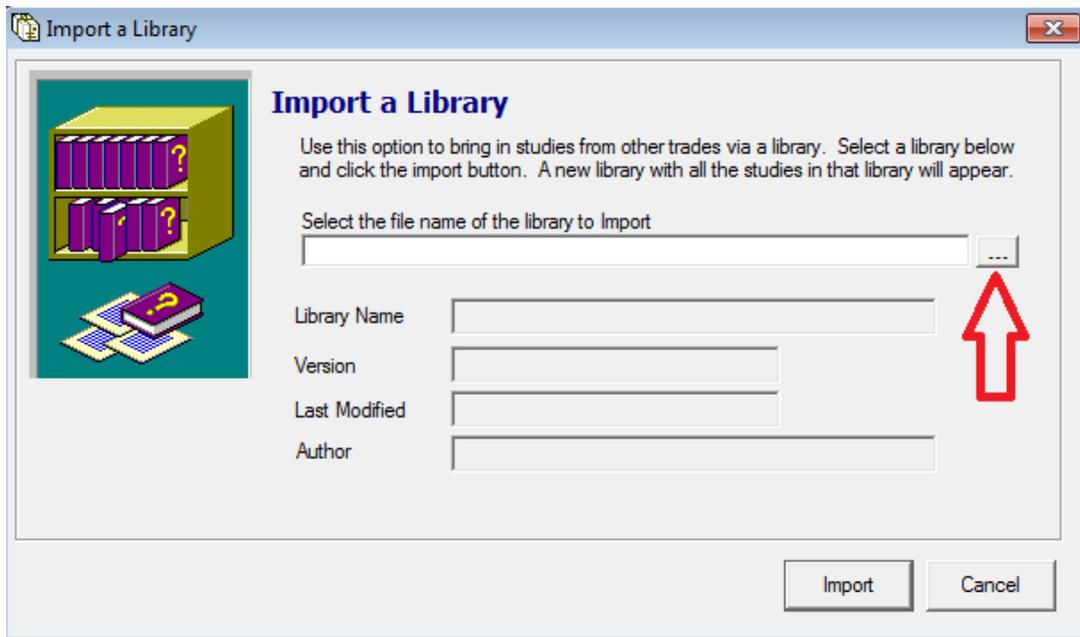

- d. The important thing is that you need to get the file outside of its original compressed folder.

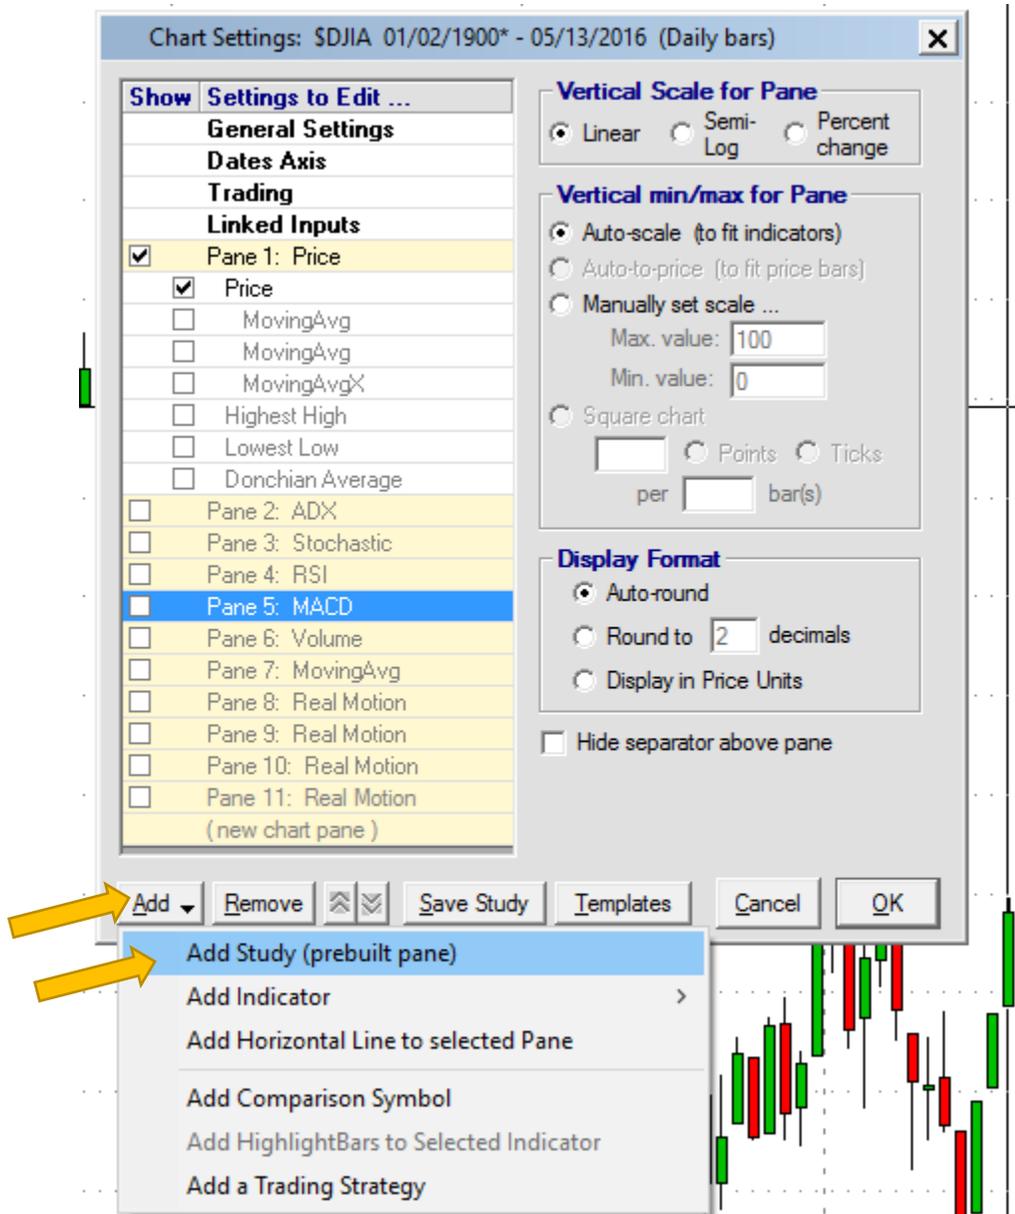

3. Open up the Trade Navigator platform. Go to the “File” menu and select “Import Library...”

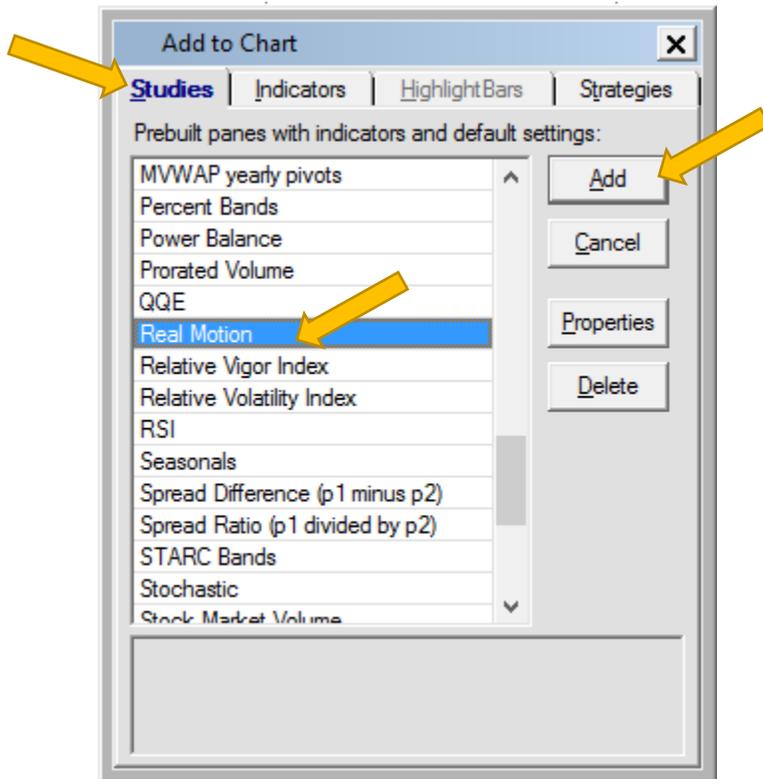

4. Click on the browse button labeled with three dots. Locate and open the “Real Moltion.GLB” file which you downloaded and extracted. Trade Navigator will then go through the process of importing the library.

5. Now you can right click on any chart and select “EDIT Chart Settings”. In the pop window, in the lower portion, click on “Add” and then click “Add Study (prebuilt pane)”

6. Locate “Real Motion” in the “Studies” tab. Select file and click “add”

7. Once the study has been added, you may need to manually adjust the color and line width settings to your preferences.

We use these settings:

Real Motion: **Color:** Brown **Type:** Points **Width:** Thick

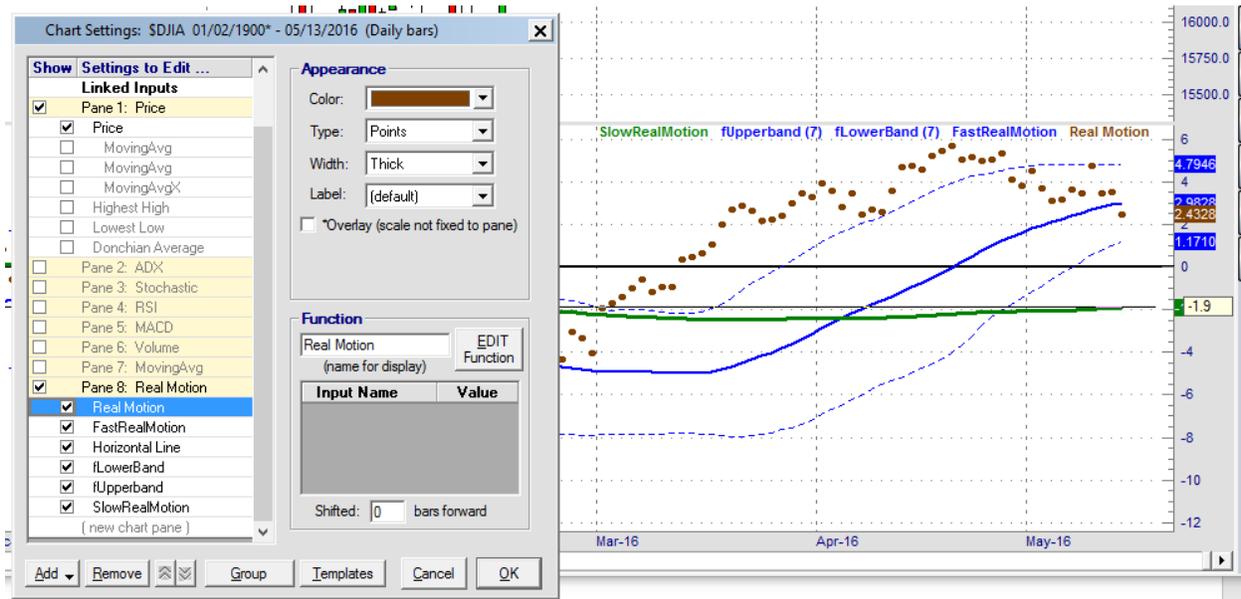

FastRealMotion: **Color:** Blue **Type:** Line **Width:** Medium Thin

Horizontal Line: **Color:** Black **Type:** Line **Width:** Medium Thin

fLowerBand: **Color:** Blue **Type:** Line **Width:** Dashed(Small)

fUpperBand: **Color:** Blue **Type:** Line **Width:** Dashed(Small)

SlowRealMotion: **Color:** Green **Type:** Line **Width:** Medium
